WORKSHOPS IN SCHOOLS

WORD · E · SCAPE

Handwritten animated films set to live sound

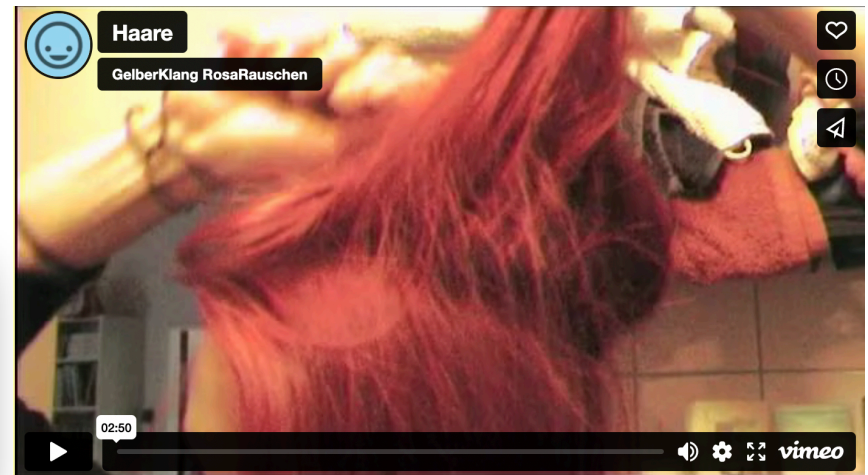

GELBER KLANG ROSA RAUSCHEN
Experiments with sound and image in time

SonONOlux
Licht, Frequenzen, Kanäle

We experiment with and organize sound in time. Experimental films from the archive of the Arsenal Institute for Film and Video Art e.V., but also specially produced films or ad hoc improvised overhead projections are used as a dynamic score.

RINGING STILL LIFE

Concept-Album with hidden track (double groove) where ringtones meet field recordings.

Cover Art: Karen Tortato, Wendelin Büchler
